Sixty-third Annual Report

1930.

THE Committee of Management have pleasure in submitting their Sixty-third Annual Report to the Governors. It is again their pleasing duty to report considerable progress in the amount of work done, showing an advance on any previous year in the history of the Hospital. The Committee gratefully record the support of the public who assist them in their work, although it has not been commensurate with the increased expenditure necessary to maintain the efficiency of the Hospital. The expenditure again exceeds the income, the deficit on Maintenance Account being now £2,955.

The following tables show details for the past four years:—

Extension Appeal Fund.—The sum of £15,000 is necessary for the erection and equipment of the additional building to provide a new Operating Theatre, X-ray, and Pathological Department, with eight Observation Rooms. The contract has been let to Messrs. Cropley, of Epsom, and it is hoped that the building may be opened free of debt some time in October. The sum of £9,010 3s. 5d. has already been raised towards this capital expenditure, and the Committee feel confident that friends of the Hospital will come forward (despite the severe time of depression through which the country is passing), in order that the work to be carried on for the new extension may start with a clear course.

Finance.—The raising of the necessary funds to complete the Building Extension Fund and to wipe off the deficit is causing the Committee great anxiety. In order to organise the appeal and to put the annual maintenance income of the Hospital on a better and more certain foundation, Mr. Walter Sanderson (Vice-Chairman) has relieved the Chairman and Joint Treasurer (Mr. S. W. Gladwell) of the greater part of his duties, so as to enable him to concentrate on this new work. To assist matters still further, the Committee have appointed Miss Elwin, B.A., from the Miller Hospital, as the Appeals Secretary.

Hon. Medical and Surgical Staff.—During the year Mr. J. R. Wylie, M.B., B.S., has been appointed Assistant Radiologist in place of Dr. Beatrice L. Collins (resigned), and Mr. W. E. Berwick, L.D.S., R.C.S., was appointed Dental Surgeon in place of Mr. Lewin Mosely, who resigned owing to his

leaving the neighbourhood. Mr. Mosely has been appointed an Honorary Consultant, and the Committee desire to thank him for his useful services since August, 1915. In addition, the following appointments have been made:—

Mr. W. Harold A. Dodd, Ch.M., F.R.C.S. (Eng.), Out-Patient Surgeon.

Mr. Joseph Geoghegan, M.B. (Ed.), F.R.C.S. (Ed.), Assistant Out-Patient Physician.

Mr. C. W. Yow, M.B., Ch.B. (Ed.), Assistant Ophthalmic Surgeon.

Committee of Management.—Mr. Harold Nelson has resigned his membership, and Sir Dudley Ridout, K.B.E., C.B., C.M.G., has been appointed to succeed him. Mr. Nelson has been a member since February, 1918, and the Committee greatly regret the loss of his practical advice.

Members retiring this year in accordance with the rules, and, being eligible, offer themselves for re-election are:—Messrs. A. H. Dixon, A. H. Etherington, and P. Hamilton Hughes, J.P. Mr. John Warner, who also retires under the Rule, has decided not to seek re-election. The Committee take this opportunity of thanking him for his valuable help and advice for many years.

Resident Medical Staff.—The following changes have taken place in the resident medical appointments:—Dr. H. G. McPherson and Dr. P. D. B. Spence having resigned, Dr. L. D. Pringle and Dr. W. N. Martin were appointed to succeed them. Dr. Pringle has since resigned, and his place taken by Dr. S. J. Segalov.

Nursing Staff.—Twelve Probationers have entered the Hospital for training, making the Nursing Staff now: Matron, Assistant Matron, seven Sisters, two Staff Nurses, and 28 Probationers.

Linen League and Ladies' Working Party.—The Linen League still continues its good work on behalf of the Hospital, and the Committee gratefully acknowledge the receipt of 946 articles of linen, &c., during the year; in addition to keeping the Hospital so supplied, large numbers of articles have been repaired by the Working Party under Miss Rydon. A contribution of £60 towards the maintenance of the Linen League Bed has been received. The League prospers under the direction of the Hon. Secretary, Mrs. W. Sandover, and the Committee would again express their gratitude for the work which is being done, and for the regular and reliable support which the members of the League give to the Hospital.

Pound Day.—The Pound Day Committee, under the guidance of Mrs. Councillor Ellen Edwards, again gave very valuable help to the Hospital. The result of their efforts on November 4th was considerably in excess of that of any previous year, the cash amounting to £31 6s., and goods estimated to the value of £170 were received. It is hoped that the efforts of this and of all Committees will gradually extend until the whole of the area served by the Hospital is covered.

Vice-Presidents.—The Rev. C. Ryder Smith, D.D., Principal of the Wesleyan College, and the Rev. R. S. Mills, M.A., Vicar of Petersham, have been added to the list of Vice-Presidents.

St. John Ambulance.—The Richmond Nursing Division of the St. John Ambulance Association have again held their weekly meetings in the Out-Patient Hall, and the Committee are glad to note the formation of an Ambulance Brigade for men, so as to assist the work of the association. Members will be allowed the use of the Out-Patient Hall for training on similar conditions to those of the Nursing Division.

Ladies on Committee.—In accordance with the resolution of the Annual General Meeting in 1930, the Committee considered the appointment of ladies to the Committee, and came to the conclusion that no good purpose would be served by departing from the present practice. This was reported to the Special Meeting of Governors held on October 26th, 1930.

Legacies.—Legacies have been received from the Estates of the following deceased benefactors:—

	£	s.	d.
Mrs. Roberts (Residue) for Endowment ...	1150	0	0
Miss Etty ...	636	6	10
Mr. Frederick Neville ...	450	0	0
Mrs. M. H. H. Penkivil ...	200	0	0
Miss Poland ...	100	0	0

Training Department.—The usual course of lectures, in accordance with the syllabus of the General Nursing Council for England and Wales, have been given, and examinations have been held:—Lectures on Medical Nursing, Anatomy and Physiology, Dr. T. A. Matthews; Surgical and Gynæcological Lectures, Mr. J. W. Heekes; Hygiene, Dr. C. S. Brebner, Medical Officer of Health; Theory and Practice of Nursing, the Matron; Special Invalid Cookery, the Assistant Matron.

Local Government Act, 1929.—The Surrey County Council had in view the closing down of the Richmond Institution for the reception of none but chronic cases. Your Committee's representatives on the County Advisory Committee, however, carried their point that in the best interests of the

neighbourhood it was desirable that a certain number of beds should be retained for emergency cases, and the Chairman of the Public Assistance Committee of the Surrey County Council has agreed with that view.

Public Health Act.—The Committee are glad to record once more their appreciation and thanks for the assistance afforded by various Borough and Urban District Councils in the area served by the Hospital in accordance with their powers under the Public Health Act, 1925, confirmed by the new Local Government Act. The contributions are as follows:—

	£	s.	d.
Richmond Corporation	157	10	0
Barnes Urban District Council	105	0	0
Kingston Corporation	50	0	0
Sunbury Urban District Council	15	15	0
Ham Urban District Council	10	10	0
Teddington Urban District Council	10	10	0
East and West Molesey Urban District Council	10	0	0
Hampton Urban District Council	5	0	0

Special Efforts and Donations.—The Committee desire to put on record their appreciation of the work connected with the following organisations:—Railwaymen's Collection (Mr. F. J. Radford and Mr. H. Taylor, J.P.), "Alexandra Day" Fund (Mrs. Riley and Mrs. J. H. Houghton), the "Help Yourself" Society, and the Boxing Day Regatta (Captain H. G. Alaway, M.C.).

The Committee are endeavouring to start a small canteen in the Out-Patient Department for the benefit of those patients who have to wait at the Hospital, and they have also received a promise of assistance from the Richmond Public Library Committee towards the establishment of a small library in the Hospital for the comfort of the In-Patients. These two efforts are under way, and will be started in the New Year.

Gifts in Kind.—The Hospital continues to receive a very large number of valuable and useful gifts in kind, as will be seen from the list at the end of the Report. The Christmas Fund for the entertainment of the patients received many donations both in money and kind, and on behalf of the patients the Committee express thanks for those very cheering and helpful gifts. The arrangements made by the staff to brighten the lot of those patients who were unfortunate enough to be in Hospital at Christmas was very much appreciated by the patients and visitors.

Patients' Payments.—Payments from those patients who can afford to contribute towards their maintenance while in Hospital has produced the sum of £2,138 18s. The Committee

gladly acknowledge the receipt of this considerable sum, and are pleased to say that there is now a much more general understanding of the rules of the Hospital regarding the conditions under which every payment is given, and they are quite satisfied from the terms of the numerous letters which they have received that this sum represents money freely given by patients in return for benefits received in order that these benefits may be available to others who are not so fortunately placed.

Congregational Collections.—The receipts from these collections again shows a falling off, the sum received last year being £225 os. 7d., as against £276 5s. 1d. in the previous year. The Committee would appeal to all Clergy, Ministers, and Officers of Churches to put forward the claims of the sick poor for the charity of their congregations for the coming year.

Donations.—The following donations of £50 and over received during the year are gratefully acknowledged:—

	£	s.	d.
King Edward's Hospital Fund for London ...	1285	0	0
" " " (for Building Purposes)	200	0	0
"Rose Day" in Richmond ...	400	0	0
Hospital Saturday Fund ...	381	9	6
Richmond Borough Council ...	157	10	0
"Help Yourself" Society ...	155	0	0
Boxing Day Regatta ...	137	15	3

City of London Court of Commons Council ...	50	0	0
Kingston Borough Council ...	50	0	0

In Conclusion.—It is with feelings of deep gratitude to all who have helped the Hospital in any way that the Committee conclude this Report. It is inevitable that only a small proportion of these can be mentioned by name, but the Committee would like to include all subscribers and donors, Hon. Medical and Surgical Staff, the Masseuse (Miss Wolfgang), the Honorary Chaplain, Clergy, and Ministers of all denominations, St. John Ambulance Nursing Division Sisters, the Joint Hon. Treasurers (Mr. S. W. Gladwell and Captain W. L. E. Gordon), Mr. Leonard Denny, the Hon. Solicitor (Lieut.-Colonel W. Merrick), the Press for their valuable help in giving publicity at times when needed, and the Officials and Staff, both Nursing and Administrative, of the Hospital.

On behalf of the Committee of Management.

LADY ALMONER'S REPORT, 1930.

Another year has passed, and on looking back over the year's records, one sees a decided increase of work in this ever-growing, though yet small, Social Service Department.

The numbers of patients have increased, which means added opportunities for help and advice from the Almoner. In the out-patient department alone, 5,448 patients have been seen by her on their first attendance (according to the rule of the Hospital) and many of them have returned again and again for various reasons. It is surprising how a suggestion, a word here and a word there, can oil the wheels for people who are perhaps nervous and ill, and strange to Hospital routine. For example, patients often come to the Almoner with:—"How do I get ——" "What is the time I should be there?" "Could I be transferred to — as it is nearer?" "It is very expensive, I do not think I could manage the fares." "I cannot bring J. up regularly for treatment, because my husband is out of work, and I cannot pay!" It is generally possible to help these people to solve their problems, and in the last case to emphasize that contributions are only wished for **according to their means**, and that nothing will be expected from those who cannot give. It seems necessary at this juncture, however, to point out that this principle applies to any member of the community, and it is hoped that those who are more blessed than others with "this world's goods" will bear this in mind. There are people, for instance, who for some particular reason are obliged to attend the Hospital for certain treatment (e.g., those brought in from accidents or sent up by private practitioners for X-ray, &c.), and invariably owing to the type of treatment given, the cost to the Hospital is infinitely greater than in the ordinary way. Hospitals are increasingly becoming treatment centres for all branches of the community, and perhaps it is worth while for everyone to give a thought to the changes which are gradually taking place.

Bound up with the financial side of the Almoner's work is her guiding principle that all Hospital material and services rendered should be put to the best possible use, but in attempting to fulfil this task she often finds herself launched into wide and difficult waters. It is not every patient who needs the Almoner's guidance, sympathy, or help, but it is her duty to see that those who do are not missed. She has to bear one or two important points in mind when attempting to help patients. One is that a chain of events has usually led up to the present

predicament, things rarely happen without any relation to the past, and second that the patient is generally one of a group, sometimes his family, sometimes friends, but he does not usually "drop from the blue!"

The following short narratives may perhaps illustrate this:—

J.T., 1½ years, the youngest of three, was in the Children's Ward with pneumonia over a year ago. After her recovery she was sent to a convalescent home, paid for by a lady interested, the Almoner's Samartan Fund, and a fund into which the father paid. During the time of the child's illness, the father's work (he was a hawker of quite good standing), had grown worse and worse, partly owing to the general slackness in trade and principally to attacks of gastric trouble, which he felt was probably due to a weakness left by the war, though he was not pensioned. Outside funds helped the family a little with food tickets during this time, and free milk was given by the Public Health Department. Meanwhile the mother struggled to do a little cleaning in the mornings, but her work was stopped, owing to a change in her "lady's" domestic arrangements. The Almoner urged the father to come to Hospital as he was not entitled to Panel benefits. He was treated and recommended to the Dental Department. After extractions and new dentures, which were paid for by his Hospital Contributory Scheme and a local Philanthropic Society, he so improved in health that the Almoner suggested application to the British Legion, with the result that they are taking up his case, with a view to re-instating him in his old business.

J. B., 60, was an in-patient, thoroughly "down and out," ill with exhaustion and bronchitis, and so depressed that he had utterly "retired into his shell." He had held a good position as a butler the Sister and Almoner discovered after "walking warily," but had lost hope through ill-health and bad luck. Interest and sympathy gradually thawed this patient, who was eventually "rigged out" by the Almoner (his old clothes being beyond repair), and sent away for convalescence on a free "letter" kindly given by the Chairman. The patient wrote later, deeply thankful to everyone at the Hospital for their interest, &c., and stated that he was then in a good situation.

T. J., 10, was a small boy with rheumatic heart trouble, who after being in the wards was sent away to a Convalescent Home. The mother complained of very bad housing conditions, so the Almoner wrote to the Public Health Department, hoping that they would be able to re-house the people quickly owing to the child's illness. In this case, though one is not

always so fortunate, the family were moved while the boy was away so that he was able to benefit fully from his convalescence by returning to good conditions.

And last, Mrs. M., 35, a mother of eight, an intensely sensitive woman, who was getting submerged by the cares of her family and semi-starvation, was sent up by one of her best friends, "the Health Nurse." The physician aptly diagnosed her case amongst other things as "Domesticitis!" The Almoner arranged convalescence for her with a partially free "letter" for a seaside home given by the Chairman, and a grant from the Samaritan Fund. While waiting for a vacancy a grant for extra nourishment was obtained from the United Services Fund. Strict instructions were given to the patient that the extra milk and eggs were to be labelled "mother," and were not for the clamouring youngsters, and that in the long run, it would be kinder to her family if she were "selfish" for once. She took the warning to heart and with the Almoner's interest, and the Health Visitor's searching but kindly "eye upon her," has visibly improved physically and in spirits.

These are only a few instances of an Almoner's work, and space does not allow of more detail, but it is perhaps interesting to give a brief resumé of other activities.

Reports have been sent to the Radium Institution Research Department, and visits paid with reference to these.

District Nurses have been asked to attend patients living too far away from the Hospital to attend daily for dressings.

Homes for babies have been arranged, so that mothers could be admitted to the wards without delay.

Many patients have been assisted in obtaining dentures, through the co-operation of local Funds and Societies, their own efforts, and the Almoner's Samaritan Fund. Our Dental Department is growing rapidly, and the Almoner takes special care that those who are recommended to it by the Physicians, should, if possible, have dentures supplied to them.

After Care.—This means among other things, watching patients, particularly children, to see that they attend regularly and try to follow out instructions. This is achieved by co-operating with outside societies or school authorities. In some cases it has been found necessary to arrange special diet or treatment, or in the case of babies, leaving the ward to see that certain feeding is continued by communicating with the Welfare Centres.

Convalescence.—This, as in the cases mentioned above, and for some men and women shortly having to return to work, is imperative. Although some of the latter are entitled to extra benefits from their approved societies, there are many who are not, and for these and for children gifts of convalescent letters and money are very welcome.

Eighty-six patients have been sent to Convalescent Homes during 1930.

One hundred and eight patients have been supplied with surgical instruments by means of Royal Surgical Aid Letters kindly given by the Chairman and the Vice-Chairman, and gifts from the Samaritan Fund and other sources, together with the patients' payments.

Assistance of various kinds has been given to about 235 patients.

£249 has been spent by the Hospital, £103 on Surgical Appliances, and on Convalescence £146. Various societies have kindly refunded most of this sum to us, and the patients also, where possible, with the exception of £21, which has been found by the Samaritan Fund.

This is a small fund, distinct from the general funds of the Hospital, administered by the Almoner's Department, supported by those who are interested in its work, and used entirely on behalf of those patients who, without help, are too poor to benefit fully from the treatment recommended. It is a very small fund; will you help to increase it?

This year, 6,704 Patients have passed through the Almoner's Department, 1,256 of whom were In-Patients.

The Patients, together with the societies and employers interested on their behalf, have contributed £2,693—£2,240 from In-Patients, and £453 from Out-Patients. Included in this total is £533 received from Insurance Societies as extra benefit for In-Patient maintenance, and, in addition, the Hospital Saving Association has contributed £2,157 for treatment for its members.

Finally, may we take this opportunity of thanking all those who have offered interest, help, or financial assistance to the work of the Social Service Department of this Hospital during 1930.

R. d'ARCY WHITNEY, A.I.H.A.
